

VFA Forum interlift '23 Call for Papers

From **Tuesday 17 October to Friday 20 October 2023**, the VFA-Interlift e.V. - Association for Lift Technology - will once again be holding its lecture forum for exhibitors and visitors at the interlift trade fair.

We invite you to give a presentation of approx. 20 minutes followed by a discussion of approx. 5 minutes. The lecture is free of charge.

Key topics 2023:

- **New products**
- **New services with a focus on digitalisation**
- **National, European and international standardisation**
- **International markets**
 - o International procurement markets and logistics/supply chains
 - o North America, Africa, Scandinavia, Italy
 - o Experiences in year 2 after Brexit
- **Digitalisation**
 - o Building Information Modelling: BIM for the lift
- **Trends and Future Technologies**
- **Sustainability**

Please submit your presentation proposal by Friday 21 April 2023 at akademie@vfa-interlift.de.

Please submit a titled, approx. ten-line abstract of the presentation content for review by the Forum Committee.

Please state the name of the speaker, your company/institution, your stand number at the trade fair (if applicable), as well as your contact details.

By the end of June 2023, we will inform you about the acceptance of your presentation and the next steps. Please note that, after the end of the fair, all presentations will be published on the VFA website.
